

PVC Floor drain (external outlet)

Especially designed for public premises, balconies, industrial kitchens, public lavatories and in all cases a trapping action is required.

Material: PVC.

Use: to collect rain and waste water.

PVC specifications and structure design give this product a great resistance against atmospheric agents and ageing and ensure dimensional stability in time.

Advantages:

- easy inspection and cleaning
- internal, external and horizontal outlet versions available.

All products can be classified in load class K3 in accordance with regulation EN 1253 (resistance >300 kg). All tests have been carried out at Aliaxis laboratories.

Tested by CSTB.
